ATTRACT

Discover the science of attraction, enjoy cheeky cocktails and explore how we choose the perfect mate.

WELCOME TO SCIENCE LATES

We have lots on and it's all included in your ticket, get there quick to avoid disappointment. Why not tuck into one of our signature pizzas or delicious cocktails at Taste café on the ground floor, or purchase a drink from our bars on the ground, first and second floors.

SHOWS

Emer Maguire: Sexy Science (30 mins)

Kissing, Flirting. Love. These behaviours form the foundation of human existence. But what separates the Romeos from the Tinder turn offs? The truth is, it's all down to science; a captivating cocktail of chemistry, genetics, biology and evolution. Join Emer Maguire, stand-up scientist and BBC radio presenter, as she guides us through the science of love.

Show times: 18.30, 19.30, 20.45, 21.45
Floor 1, Science Show Theatre

Wonders of the Night Sky (20 mins)

Immerse yourself in the romance of the cosmos with a live, presenter-led show in our fulldome digital Planetarium.

Show times: 18.45, 19.15, 20.15, 20.45, 21.15
Floor 1, Planetarium

Dissecticles – A Conversation through Time (20 mins)

Discover history that's more than skin deep. Join us as we dissect lamb testicles to discover what we now know about anatomy, sex and reproduction – and things we haven't got right along the way.

Show times: 18.45, 19.45, 20.45
Ground Floor, Auditorium

SIGN UP WORKSHOPS

Face Painting

Release your inner child and express yourself with a touch of face paint. Sign up early to avoid disappointment.

Times: 18.00–21.30
Floor 3, Live Lab

SCIENCE ON THE SPOT

You're Electric

Watch sparks fly and discover why opposites attract in this hands on investigation of static electricity.

Times: 18.00–22.00
Floor 1

3D Printer in Action

Come and watch as our 3D printer produces a model of the human heart.

MEET THE EXPERT

Animal Attractions

Learn about the incredibly weird mating behaviours of the animal kingdom with Laura Richmond from the University of Glasgow.

Floor 1

Parade with Pride

Come and share your ideas on a float for the Pride Parade, which takes place in July this year. The fantastic team will be on hand to answer any and all questions you might have and will help make sure your evening is full of rainbows.

Floor 1

The Scent of Attraction

Do you know that smell plays a subtle, but underestimated role in influencing who we find attractive? Join experts from the University of Stirling to discover how we can assess genetic compatibility, current fertility and even personality from someone else's smell.

Floor 1

Back to Your Future

The environment you experienced before you were born can influence your behaviour and health. Join experts from the University of Glasgow to look for clues which may reveal the sex hormones you were exposed to before you were born, and even predict which side of the bed you sleep on!

Floor 2

The Electrifying World of Magnetism

Explore the amazing properties of magnets in this interactive display with experts from the University of Glasgow.

Floor 2, My World of Work Live! Studio

A One Night Stand with Sandyford

Come and have a 'behind the screens' look at the work of NHS Greater Glasgow & Clyde's sexual health service. Discover how sexually transmitted infections look under a microscope, test the strength of condoms and see how films help discussion about taboo activities.

Floor 2, The Lab

GSC Shop

Don't forget to stop by our shop to pick up one of our gifts, gizmos and gadgets to take home with you.

Times: 18.00–22.30
Ground Floor, Link Building
