**WHY
CHOOSE**
AN ORDINARY VENUE?

Welcome to a truly unique event experience. Located on the Clyde waterfront, a vibrant venue where historic Glasgow meets the modern city.

We have 17 diverse and interesting spaces to accommodate events of all shapes and sizes for over 2000 guests. As a five star visitor attraction, you'll be able to engage with over 400 interactive exhibits during your lunch break or drinks reception. Experience optical illusions, explore the world of energy or journey through the human body.

You can host a conference using the largest screen in Scotland in our IMAX or dine underneath the tallest fully rotating freestanding structure in the world, Glasgow Tower. You can even enhance your event with Planetarium shows, taking your delegates on a journey through the Solar System.

Your event will be fully supported with state-of-the-art lighting and AV technology, sustainability sourced catering and a dedicated events team who will be with you every step of the way.

From awards ceremonies, exhibitions, conferences, team building, product launches, weddings, graduation balls and more, let Glasgow Science Centre create a mind blowing event for you.

**WHY
CHOOSE
AN ORDINARY VENUE?**

The Atrium

One of our largest event spaces and most popular for dinners and exhibitions. A spectacular and flexible space located on the ground floor of the Science Gallery. Two glass walls that stretch three storey's high with built in state-of-the-art AV and lighting systems.

Capacity

Banquet.....	500	Theatre.....	600
Dinner Dance.....	450	Cabaret.....	344
Drinks Reception.....	650	Exhibition Stands.....	38

The Hive

Floor to ceiling windows cover one wall of The Hive, giving your guests panoramic views over the River Clyde. Located on the first floor of the Science Gallery The Hive provides a versatile space for smaller dinners and drinks receptions.

Capacity

Banquet.....	140	Theatre.....	100
Dinner Dance.....	120	Cabaret.....	96
Drinks Reception.....	150	Exhibition Stands.....	15

A Question of Perception and Explore!

Explore over 80 interactive exhibits and optical illusions on Floor 1 of the Science Gallery. Guests can get involved with physical challenges and mind-bending puzzles to engage their brains. Every exhibit on this floor will make you rethink how you experience and explore the world around you.

Capacity

Drinks Reception..... 500

Science Show Theatre

An intimate purpose built auditorium with speculator AV. The room has been designed with a quirky, contemporary feel and can be used for science shows, seminars and smaller conferences.

Capacity

Theatre..... 110

The Planetarium

Our live presenter-led shows will take your delegates on a journey through the solar system, into the Milky Way, Galaxy and beyond, offering a truly out-of-this-world event experience. Alternatively, you can choose from our full dome films, which display 360 degrees across the 15-metre hemispherical dome of the planetarium. You can even get married under the stars or simply host a meeting in a quirky space.

Capacity

Theatre..... 115

Space Zone

Located next to the Planetarium on the first floor with a colorful backdrop, allowing guests to lift off into the cosmos for the journey of a lifetime! This is a flexible space, suitable for an intimate dinner, drinks reception or a small evening presentation.

Capacity

Banquet..... 60

Drinks Reception..... 80

Cabaret..... 56

Exhibition Stands..... 8

Powering The Future and Idea No59

Take a trip through Floor 2 and explore our energy options from how we can produce electricity and fuels to how we can be smarter with our use of energy. This floor focuses on the science and technology within our modern lives. As part of this floor you can also visit Idea No59 which is made up of three experiential zones to inspire the next generation of problem-solvers and creative thinkers.

Capacity

Drinks Reception..... 450

Bodyworks

Journey through our Bodyworks exhibition on Floor 3 where your guests can engage their brain with competitive challenges and experiences related to the human body. Enjoy breathtaking views and competitive challenges. We can promise that you'll never look at your body in quite the same way again.

Capacity

Drinks Reception..... 275

IMAX

Host a conference using the largest screen in Scotland in our IMAX. A uniquely designed building clad in titanium that stands next to the main building. Experience a truly spectacular audio-visual capability, giving you a real auditorium experience.

Capacity

Theatre..... 370

Glasgow Tower

Underneath Glasgow Tower you will find Tower Gallery North and Tower Gallery South. Both rooms are private self-contained spaces with large curving walls. A blank canvas space with built in lighting and AV.

Capacity

Tower Gallery North

Banquet.....	140	Theatre.....	150
Dinner Dance.....	120	Cabaret.....	96
Drinks Reception.....	150	Exhibition Stands.....	12

Tower Gallery South

Banquet.....	200	Theatre.....	200
Dinner Dance.....	160	Cabaret.....	128
Drinks Reception.....	200	Exhibition Stands.....	15

The Conference Room

Located on the Ground Floor, the Conference Room can be used as an office space, meeting area, green room or reception room. With our in-house AV technical team on site, colleagues can join your meeting remotely without a hitch.

Capacity

Boardroom.....	24
Theatre.....	40
Cabaret.....	30

The Pod

Another small meeting space located on the Ground Floor. The Pod is a colorful space that can be used as an informal office space, meeting room, green room or syndicate room.

Capacity

Boardroom.....	32
Theatre.....	40
Cabaret.....	30

Café

The Café is a modern space located on the Ground Floor of the Science Gallery. Floor to ceiling glass walls mean your guests can take in views over Glasgow, Riverside Museum, Glasgow Tower and the Tall Ship, while our outdoor decking area makes the Café the perfect space for entertaining guests when the sun shines.

Capacity

Banquet.....	135	Theatre.....	160
Dinner Dance.....	120	Cabaret.....	120
Drinks Reception.....	200	Exhibition Stands.....	10

Science Street

The Street is located on the Ground Floor of the main Science Gallery and links to the Atrium, Clyde Suite and Café as well as providing access to the three floors of exhibits. The Science Street is an ideal location for a drinks reception or bar area when using the Atrium.

Capacity

Drinks Reception.....	200
Exhibition Stands.....	10

Clyde Suite

The Clyde Suite is a large, brightly coloured room that can be configured for a variety of events including conferences, exhibitions, presentations, road shows and product launches. You can find the Clyde Suite in the middle of the ground floor of the Science Gallery. This space is also joined on to our outside Science Terrace which could be perfect for outside catering or to simply take in the views of the River Clyde on your lunch break.

Capacity

Banquet.....	280	Classroom.....	60
Dinner Dance.....	200	Cabaret.....	100
Drinks Reception.....	400	Exhibition Stands.....	20
Theatre.....	120		

The Bothy

A characterful and colourful hexagonal room with a steeply sloping ceiling. This space has soft seating with flip up tables that double as whiteboards. This could be the perfect space for a green room, small meeting, teambuilding activity or breakout space.

Capacity

Conference Room.....	16
Theatre.....	30

Catering

Our catering is provided in-house by our passionate and experienced chefs.

Providing delicious, exciting menu options is an important part of the event experience we provide for our guests.

Our sustainability sourced catering brochure “Elements of Taste” covers a wide range of catering options from breakfast, fork buffets, canapes, sharing style service, feast platters and more. We will be sure to provide you with the highest standard of food with impeccable service.

We also provide bar service in-house with an extensive range of beer, wine and themed cocktails.

We recognise that everyone has varying needs and with prior knowledge our chefs are flexible to accommodate those with special dietary requirements.

Types of catering packages available:

- Day Delegate Rates
- Food for Thought Dinner Package
- Interactive Dining
- Sip with Science
- Weddings
- Graduation Balls

Audio Visual

At Glasgow Science Centre (GSC), we recognise that integrated AV services need to be high end and capable of meeting our clients' expectations within digital focused events. We have invested heavily in new in-house technical systems some of which include:

- State of the art projection systems up to 15K lumens
- High end lecture capture and live streaming equipment which has the ability to broadcast across multiple platforms such as Facebook/YouTube
- Coloured LED systems for full colour branding in our large conference rooms
- A building wide coloured LED system to brand the full building spine in the colour of your choice
- Installation of new 1GB WIFI connection throughout the building
- Audience engagement platforms and voting systems are available

Your events can be made simple by our comprehensive range of in-house AV services. Technical facilities throughout GSC are of the highest standard, and GSC's AV team are always on hand to advise, assist or co-ordinate all the technical aspects of your event.

Our permanent 15m x 3.8m LED screen outside the front of GSC is a result of a partnership between Scottish Enterprise, Skills Development Scotland, Glasgow Science Centre and the BBC and can be hired to give guests a five-star welcome by displaying your company logo, branding, event title or welcome message.

Speak to the Expert:

For specific AV enquiries please get in touch with our AV/IT Manager Craig Rooney who will be happy to advise on technical specification, any associated costs and discuss our editorial policy.

craig.rooney@glasgowsciencecentre.org

Branding Opportunities

We can offer significant opportunities to dress the building, creating an event your guests will remember.

These opportunities to make GSC your own can be created as part of your event or sometimes more broadly as part of your marketing campaigns.

Because of the technical nature of the work required, GSC offer a 'turnkey' service taking your artwork, supplying and fitting banners to the correct specification and returning things to normal after your visit.

If required we can also offer a high quality creative, design and artwork service. Please advise our corporate events team if you wish to see our branding opportunities brochure or

Sustainability

Glasgow Science Centre now has a Gold Green Tourism Award. As a science centre, environmental sustainability is a key theme throughout our exhibitions. We encourage guests to explore and discover the world around us and to consider what affects our environment.

Powering the Future is one of our biggest exhibitions and it focuses on the energy trilemma; how can we make our energy future secure, sustainable and affordable.

From reducing food waste to using local produce, GSC's events team have some great ways for looking after our clients but also saving the planet at the same time. Taking a leaf out of our chef's book to design environmentally focused menus such as vegan day delegate rates means we can reduce the carbon impact of our events and promote positive behavioural changes to pave the way for long term industry change.

We have a GSC Green Team onsite that are working on collaborations with neighbouring businesses & local enterprises to increase our sustainable offerings.

Glasgow Science Centre is excited to play a key role in the most significant climate conference of our time, COP26.

What our clients say

"Everything was perfect, thank you so much for all your help. Everything ran smoothly on the night and we received great feedback from our guests! Also, please pass our compliments to the chef, the food was the best we have had at the event in a number of years."

Glasgow University Law Society

"I just wanted to pass on my thanks for the event yesterday evening, we found everyone very helpful and friendly."

BAE Systems

"Very happy with the venue, quality of food, drinks and helpfulness of the science centre staff."

KPMG

"Glasgow Science Centre was a pleasure to work with from start to finish. They listened to our requirements and carried them out to the finest of detail from creating a personalised, sustainable menu to ensuring the straws were recyclable."

Scottish Renewables

"I wanted to express how blown away I was with the service at the recent STV event. I was very impressed with the venue, the planning and especially the staff. All of the staff were extremely helpful, friendly and professional throughout the night. I would like to express my gratitude to your wonderful staff for an amazing night."

STV

"A massive thank you for everything, it was honestly perfect! The staff you had working at the event were fantastic and could not have been more helpful they made the night stress free and so enjoyable, please pass on my thanks for an amazing night."
