

Join us to shape the future of STEM

Glasgow Science Centre is an independent educational charity. Your membership helps us to:

Remove barriers for local communities, tackling inequality and empowering individuals to engage in lifelong learning.

Build connections with Scotland's growing STEM industries, raising awareness of career paths and creating better life opportunities

Inspire futures for Scotland's young people, developing skills and empowering them to make informed choices.

Corporate membership provides a range of employee and company benefits, as well as brand visibility for your support of our charitable mission and regular updates on your contribution to social impact.
